

THE CITY OF SAN DIEGO

March 5, 2010

Marcia Munn, President,  
UC Connection  
6255 Radcliffe Drive  
San Diego, CA 92122

Dear Ms. Munn:

Thank you for offering me the opportunity to provide my input into the planned construction of the Regents Road Bridge.

In line with the City Council's 8/1/2006 vote (6-2) to improve emergency incident responses in the Golden Triangle area, I am in support of constructing the Regents Road Bridge.

Like my predecessors (Fire Chief Bowman and Fire Chief Jarman), I believe construction of the Regents Road Bridge would provide for enhanced emergency services in that area, in turn benefiting the citizens living in the community.

If you have any questions or need to discuss my support any further, please do not hesitate to call.

Sincerely,

Javier Mainar  
Fire Chief
