

THE CITY OF SAN DIEGO

September 13, 2004

Marcia Munn, President  
UC Connection  
6255 Radcliffe Drive  
San Diego, CA 92122

Dear Ms. Munn:

RE: REGENTS ROAD BRIDGE

This letter is in response to your 8/26/04 letter regarding the building of the Regents Bridge Road. I apologize for the delayed reply, but research was required before staff could respond.

Please be advised that the San Diego Fire-Rescue Department supports the construction of the Regents Road Bridge; or, construction of the bridge and widening of Genesee Road. These alternatives would provide expedited access to the area for the first alarm response. While the other four alternatives may potentially relieve congestion during peak hours, they would not provide the same level of access as the new bridge, i.e., location, meeting minimum response times, or providing an alternate route for the first alarm companies in the event Genesee is unavailable. Additionally, it is our position that the entire Governor area is not within our minimum response time; thus, we would recommend that a fire station be considered for this area.

I hope you find this information helpful. If you would like to discuss this further, please contact Assistant Fire Marshal, Frankie L. Murphy at (619) 533-4406.

Sincerely,

Jeff Bowman  
Fire Chief

cc: Tracy Jarman, Assistant Fire Chief  
Frankie L. Murphy, Assistant Fire Marshal
